

Brush to Win Teacher's Checklist

Dear Teacher,

Thank you for participating in our Brush to Win program.

To get started:

- **Download the Registration Form** to register your school/class. Completed registration forms can be emailed to diana@imagedental.ca. Make sure that each class is listed by grade, teacher's name and number of students in each class. If you have preferred dates for presentations, please indicate them on this form. Diana will contact you to confirm times and a date for the presentation(s).
- **You will be sent a *.pdf of a customized calendar for the dates your school is participating and a Letter to Parents explaining the program.** The Brush to Win contest period is four weeks or one month depending on the start date. Make a copy of the calendar for each participating student with the Parent letter on the back. These can go home with the students in the dental "goody" bag on the day of the presentation.
- **Collect the calendars after the end of the participating month.** Please ensure that each students' full name is legible and that the parental consent is signed. Entries without a signed parental consent will not be eligible to win.
- **Arrange a time and date for the presentation of the student prize.** Diana will return to your school to draw and award the winning student with a piggy bank. This can be done during an assembly or at the school office.
