

Brush to Win Contest

Dear Parents,

Image Dental Care has invited us to take part in their Brush to Win program, which is designed to help your child learn the importance of brushing their teeth daily for good dental health. They have provided dental “goody bags” for each of our students.

To participate in the program children are encouraged to brush twice a day – once after breakfast and once before bedtime and mark their calendar each day. When the calendar is completed, please sign the form at the bottom and send it back to school with your child.

The signed calendars that are returned to the school will be entered in a draw for a piggy bank containing 30 shiny loonies!

This is a fun contest to reinforce good dental habits and I urge you and your child to participate. If you would like extra calendars for siblings, visit www.imagedental.ca/btw. It can be a fun way to get the whole family involved and thinking about the benefits of daily brushing.
